The Centre will place students in the most appropriate timetable based on their level of English and general demand.

UWA English language programs focus on the very highest quality teaching and learning with a high degree of action and interaction... it's all about having very serious fun!
English language pathways to UWA degrees

The UWA Centre for English Language Teaching offers two ways, or pathways to improve English language proficiency to the level required by the University for entry into its undergraduate and postgraduate programs.

The most common pathway is via CELT’s Academic English and Study Skills Bridging Course, (Bridging Course) which has direct entry into tertiary studies at the University. This course is best for students who meet the Bridging Course’s entry standards and who can enrol for 18 or 20 weeks of intensive study. The other route to tertiary studies at the University is through English for Academic Purposes in combination with an IELTS or TOEFL examination.

This pathway is for students who do not qualify for the Bridging Course or for students who only need to study for five, not 20 or even 10 weeks.

Academic English and Study Skills Bridging Course

The Bridging Course has been designed for international students who wish to study at UWA but do not have the required level of English language proficiency.

The program is also suitable for students with unconditional entry into UWA who would like to further develop their language ability and confidence before commencing their tertiary studies.

A 70% pass in the Bridging Course meets the University’s English language requirement for most under- and postgraduate courses. However, some courses at UWA have higher entry requirements, for instance:

- Master of Business Administration (Flexible and full-time) require an overall 79.5% with no skill below 70%
- All Faculty of Law courses require an overall 85%

The Bridging Course will help students to:

- Improve their English language skills to the level required by UWA
- Learn about the organisation and language of various types of academic texts
- Develop their knowledge of the language of their chosen discipline
- Develop an understanding of Australian academic culture
- Develop a high level of analytical and reflective skills in an Australian academic context
- Develop strategies to attribute literary sources appropriately
- Develop the capacity to be autonomous learners at an Australian university with the confidence to participate freely and appropriately in academic situations

Students unable to meet the Bridging Course entry requirements have the option of improving their English competency by starting with a General English, or English for Academic Purposes course at UWA CELT.

English for Academic Purposes + IELTS/TOEFL examination

An alternative pathway for university entrance is also available through our English for Academic Purposes program, together with preparation for the IELTS or TOEFL examination.

Whilst it is a structured course with an underlying pedagogy, English for Academic Purposes, which is offered in five-week modules, is modified every term to meet the needs of the class group.

By accommodating itself in this way to the knowledge and ability of its students, this course offers a highly supportive way to develop academic skills and English language ability. This focus on student needs incorporates assessment of achievements according to the composition of each class. For this reason, students choosing to study in English for Academic Purposes must also sit for an IELTS or internet-based TOEFL examination.

UWA CELT’s Bridging Course has been granted NEAS Premium Product Endorsement.
Finding a home away from home

UWA CELT can help you arrange your accommodation, including in homestay, and demi-pair (working part-time for a family while you study).

### Living with a family
**Homestay accommodation**
This accommodation is best for students who want to experience Australian family life and have the support of an English speaking family. Homestay families are located throughout the metropolitan area and students may need to take public transport to UWA. Students share meals and facilities with the host family but have their own private bedroom.

### Working part-time for a family while you study
**Demi-pair program**
The demi-pair program allows students to combine full-time study with work as an Au Pair. Students typically work for three hours per evening from Monday to Friday in exchange for homestay accommodation with full board. Applicants for demi-pair must be at least 20 years old (exceptions will be made for 18 and 19 year olds if they hold a recognised nanny qualification) and have at least a pre-intermediate level of English. Placements are for a minimum of three months and are available to students travelling on either a student or working holiday visa.

### Accommodation

The UWA Housing Office provides useful information about the different types of accommodation available, and offers advice to international students.

“A Summary of the Liveability Ranking and Overview”, Aug 2014, The Economist Intelligence Unit
Western Australia

Western Australia covers one-third of the Australian continent. Spanning over 2.5 million square kilometres (1 million square miles), Western Australia extends into two different climatic zones. When it is warm and dry in the north of the State, it is cool and wet in the south. Bordered largely by desert to the east, Western Australia is bounded by 12,500 kilometres (7813 miles) of the world's most pristine coastline to the west. Western Australia is a land blessed with some of the world's most precious natural phenomena including the dolphins of Monkey Mia, the 350-million-year-old Bungle Bungle range and the towering karri forests of the South West. Venture beyond Perth to see a vast country of big experiences. Be in awe of landscapes carved by nature over millions of years. Immerse yourself in Aboriginal culture. Get up close and personal with the unique flora and fauna of Australia. Situated in the far north is the Kimberley region, an ancient landform of rugged ranges with deep, spectacular gorges and pristine sandy beaches.

The Pilbara region is the heartland of Western Australia and offers thrilling adventure and ecotourism opportunities. The north is contrasted by the natural forests and vineyards of the South West. Wherever you go, the memories will last forever.
